Mission Statement

Learning and Serving with Christ

St. John Notre Dame Catholic School (K through 8) is the primary educational ministry of St. John the Baptist Parish of the Diocese of Sacramento. We are a faith community committed to learning and serving with Christ. We provide quality Catholic education for the parishioners of St. John the Baptist Parish through a culture of continuous improvement dedicated to academic excellence.

Philosophy

St. John Notre Dame School exists to serve children. We seek to instill in them a love for lifelong learning by designing learning activities that will help our students mature into young people of faith, thought, integrity and action. We recognize parents as the primary educators of their children. Our primary aim is to help our students develop to their fullest potential so that they may take their place as responsible Christian citizens in society.

Welcome to the 2011
Summer School
at St. John Notre Dame School

Dear Parents and Students:

In the following course catalog we will try to give you a feel of what it will be like to be an SJNDS Summer School student. This summer students will play and work in a Catholic community where they will experience fun, challenging, and exciting courses.

It is our aim to offer courses that will build upon student experiences at school and at play, as well as offering opportunities for students to share their talents. Our two unique sessions will include a structured timetable of academic work, enrichment classes, sports activities and social events. We are sure our students will make lots of new friends and take home lasting memories.

This is our seventh Summer School at St. John Notre Dame School; we had a successful year last year and are building on our success to plan this coming season. Class sections are scheduled between the hours of 8:00 a.m. and 3:00 p.m. We are offering three types of schedules. In response to parental requests we have developed a "build your own" session. If you would like to handcraft your summer experience out of the 6 weeks offered, you may do so. However, in order to participate in the self-designed session you must pre-pay the entire summer prior to June 1, 2011. Additionally, if you register your student for EDP and/or summer school by May 2, 2011, the fee for summer school registration will be \$25.00 per student and the EDP registration fee will be \$35.00 per family, thus providing your family with additional savings.

Thank you for taking the time to review our program and determine how it might meet the needs of your family this summer. Please feel free to call or e-mail with your questions. We hope you will join us in 2011 at SJNDS Summer School, where you can enjoy the experience for yourself.

Sincerely,

Danielle Brandenburg, Summer School Principal
